# Searching Medicines Complete and British Pharmacopoeia

## Medicines Complete

Open Medicines complete and click on **My Dashboard** to view full collection

You can use books individually or search the whole collection

The screenshot shows the MedicinesComplete website interface. At the top, there is a search bar with 'warfarin' entered and a search icon. Below the search bar is a navigation menu with options: Dashboard, Publications, Product Updates, Drug Interactions, Help, and My Account (with a dropdown arrow). The main content area displays the search results for 'warfarin'. A blue speech bubble points to the results, stating: 'Results are displayed for each book when the whole collection is searched'. The results are organized into a grid of 16 items, each with a logo, title, and number of results:

- Stockley's Interaction Alerts (815 results)
- Stockley's Drug Interactions (318 results)
- AHFS Drug Information (292 results)
- Martindale: The Complete Drug Reference (244 results)
- Stockley's Herbal Medicines Interactions (107 results)
- Remington: The Science and Practice of Pharmacy (80 results)
- Clarke's Analysis of Drugs and Poisons (54 results)
- Kucers' the Use of Antibiotics (50 results)
- BNF British National Formulary (29 results)
- Handbook on Injectable Drugs (25 results)
- Dietary Supplements (19 results)
- Injectable Drugs Guide (17 results)
- BNF for Children (12 results)
- Herbal Medicines (11 results)
- Pediatric Injectable Drugs (11 results)
- Pharmaceutical Excipients (4 results)

When you open a book to view the results you can browse the results by different types of information e.g. Full Text, Monographs, etc.
